

Kohl's A-Team "Request for Volunteers"

The Kohl's A-Team program was created to support our associates as they volunteer to enhance life for youth in their local communities. To qualify for an A-Team grant with Kohl's, you must have a minimum of five (5) Kohl's associates who volunteer for a minimum of three (3) hours and the activity must benefit a 501(c)(3), youth-serving nonprofit.

Associate participation in the Kohl's A-Team program is done on a volunteer basis. While we encourage all of our associates to be active members of their communities and support their efforts to enhance life for youth, it is volunteer activity in the true sense of the word, something they participate in on their own time, according to their personal schedules and the needs of the Kohl's location.

In order for the Kohl's store in your community to inform their associates of your activity, please use this form as a guide to provide the information they need. You can submit several programs at once using separate forms.

"Request for Volunteers" Form* must be brought to the Customer Service Desk at your local Kohl's store

Name of Organization: _____

How the Organization Supports Children: _____

Organization Address: _____

Organization Contact: _____

Brief Description of the Event/Activity: _____

Event/Activity Date: _____
