

KOHL'S CORPORATION REPORTS MARCH COMPARABLE STORE SALES

MENOMONEE FALLS, WI, -- (Business Wire) – April 8, 2010 -- Kohl's Corporation (NYSE: KSS) reported today that total sales for the five-week month ended April 3, 2010 increased 26.4 percent over the five-week month ended April 4, 2009. On a comparable store basis, sales increased 22.5 percent.

Kevin Mansell, Kohl's chairman, president and chief executive officer, commented, "Our March sales results reflect continued consistency as all lines of business and all regions achieved strong positive double-digit comparable store sales increases. Increasing customer traffic remains the driver of our sales performance as we continue to focus on gaining market share."

From a regional perspective, the Mid-Atlantic, Southeast and West regions led the company. Footwear, Home and Children's reported the strongest comparable store sales increases.
